

GRUPIDEA

Imagination that sells

Grup Idea Corporate Architecture

our objective

We work alongside companies so they can reach their goals as a brand: from technical consulting in the search for a better location to creating and designing spaces suitable for briefing, construction management and the processing of licences.

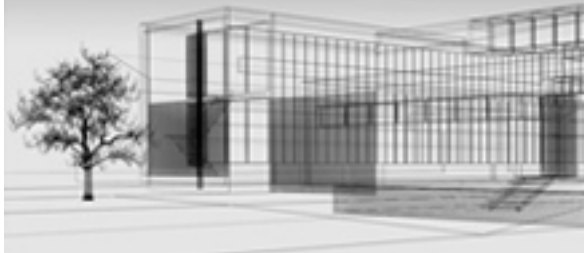

what we do

GRUP IDEA is a company that offers specialised professional services in corporate architecture. They help their customers sell with imagination.

management

Grup Idea Corporate Architecture

architecture

We adapt our creativity and design skills to the needs of our brand and constructive reality.

engineering

We contribute to the success of projects by applying stringency to consultations on applicable regulations and the efficiency of installations and their legalisation.

management

We coordinate the entire process by carrying out a preliminary analysis on time limits, costs and licence obtaining which guarantees the feasibility of investments with quality results.
